

"BiotifulFOX"

Mis en bouteille à la propriété
Paul COULON et Fils

BiotifulFOX rose 2016 is a rose made from young vineyards planted with Grenache 70% and Syrah 30% . The grapes come from Chateauneuf du Pape, Rasteau, and the Cotes du Rhone.

Like all the production at Beaurenard it is certified organic and biodynamic by Ecocert and Demeter. The Coulon family has been making wine for 7 generation

This wine has a great balance of freshness, intensity and purity of fruit. It can be enjoyed as an aperitif, but has enough texture and character to be paired with all good foods.

Eye: medium-light pink color, bright, with a salmon pink tint.

Nose : Raspberry, pomegranate, fresh fruits

Palate: Beautiful harmony between roundness and vivacity with a great texture and pleasant minerality in the finish.
